REJECTED SUITOR BELIEVED MURDERER

Finding of His Motor Car Leads to the Belief That Egbert Dyke Killed Miss Molly Fleming, a Pretty School Teacher

ASSAILANT NOT NAMED

Woman Is Unconscious When Found—Witness Says She Heard Teacher Go to Woodshed, Followed By a Scream—Girl Had "Mittened" Him

Grand Rapids, October 18.—A rejected suitor is being sought today following the finding of the badly mutilated body of Miss Molly Fleming, pretty 23-year-old teacher, in a woodshed near the school she taught at Manne. A bloody axe was found near the body.

The young woman was unconscious when found and died without naming her assailant.

The man sought, Egbert "Happy" Dyke, had courted the pretty school teacher for more than a year. Recently she scorned him for another young man of the village. He persisted in following her. According to friends of the girl, he called at the school late Friday afternoon.

A girl friend of Miss Fleming said she heard the school teacher go to the woodshed after school had been dismissed, then heard a scream. A few minutes later the body was found. Dyke's motor car was found in front of the school.

SALUTARY IS CAMPAIGN FOR BETTER MILK

Salutary is the campaign for better milk in Charleroi and vicinity. Health Officer William M. Darby said yesterday that it was the hope of the Charleroi Board of Health that healthful conditions as they reflect Charleroi and community will soon be made on a par with other sanitary conditions, and taking this borough for example it enjoys an enviable reputation for its excellent conditions of sanitation.

According to Mr. Darby there were four farmers called at his office in the Municipal building yesterday, all of them anxious to have their cows tuberculin tested. Mr. Darby also said that milk dealers are taking out certificate for examination as to their condition of health.

"NICKY" ARNSTEIN ET AL, INDICTED

Jersey City, N. J., Oct. 18—"Nicky" Arnstein and five alleged accomplices are under indictment today on a charge of having conspired to obtain \$80,000 from Nathan Weiss, wealthy contractor by a wire tapping swindle.

The indictments which were returned last night name James Watkins, Walter Clyde Smith, and Morris Blau, all of Youngstown, Ohio. Chas. Drucker, of Pittsburgh, and Milton Small, of New York, as Arnstein's accomplices.

The six men are charged in the indictments with accompanying Weiss to Youngstown and Pittsburgh to representing to him they were able to get advance information and make "sure thing" bets.

Weiss said he bet \$500 and won \$1,200, and then put up \$80,000 to win \$200,000, but as soon as his money was up there was a "fake raid" on the pool room and he was told to leave town by supposed detectives.

Arnstein is now serving a prison sentence at Atlanta for the theft of securities.

Old Resident Honored On His Natal Day

Marvin P. Redd, one of the oldest and most highly esteemed of Charleroi's residents, was tendered a surprise last night, yesterday being his natal day occasion. Mr. Redd lives at 101 Fallowfield avenue. At 9 o'clock the instigators of the surprise Mr. and Mrs. L. Grimes, Mr. and Mrs. Thomas O. Redd, Mr. and Mrs. Frank McKinney and son, Alvin, and Mr. and Mrs. B. Dorian gathered at his home and paid their compliments, respects and tendered their best wishes.

One of the features of the occasion was a monster cake, which required the combined efforts of two strong men to take into the house (we have Mr. Redd's word for it), presented to the gentleman, and with which was cemented the hope that he will live to see yet many more birthdays. The only thing to mar the pleasure of the affair, according to Mr. Redd was that the cake contained but 26 candles instead of 30, as the gentleman acknowledges that he has reached his thirtieth milestone.

Man Found Unconscious Along Pike, Declares Drugged And Robbed

Last night a man who gave his name as George Smith, aged 34, and his home as Buffalo, N. Y., was found unconscious along the National pike, near Washington. He claimed that he had been drugged and robbed of \$2 in money and his overcoat.

County Detective William B. Dinsmore hurried to the scene and questioned Smith, who had rallied, and started an investigation, but was unable to find any trace of the two men whom Smith claimed had robbed him. According to Smith, he was walking along the pike when the two men leaped down off the bank suddenly in front of him. One grabbed hold of him and pressed a handkerchief to his nose while the other pulled a revolver. Smith was taken to the Washington hospital for treatment. His condition was reported as good at midnight. He had not been hit about the head.

OCTOBER 27 IS NAVY DAY

With the approval of President Coolidge and of the Secretary of the Navy, the Navy League of the United States plans to observe Monday, October 27, as Navy day. The date chosen is the birthday of Theodore Roosevelt, always a strong supporter of the Navy. The object of Navy day is to inform the people of the United States of what their Navy is doing, and to enable them to know the facts about the Navy, confident that public opinion is sound if correctly informed.

All naval units will cooperate with the Navy League to assist in the observance of the day. The Navy Yard at Philadelphia will be open and many events of interest are being planned to enable visitors to see the various activities of the Yard in operation. Features of interest at this yard include the Naval Aircraft Factory shops, the decommissioned ships and the scrapping of ships in accordance with the Limitation of Armaments Conference.

Program of events will be announced as soon as complete.

REASON ASKED FOR FALLING OFF OF VEGETABLES

Harrisburg, Oct. 18.—What is the reason for the falling off in the consumption of onions and cabbage?

The State Department of Agriculture would like an answer to this question for statistics it has compiled show that onion shipments this season fell off from 72 cars last season to 28 this year. Cabbage growers likewise experienced a decline in demand for their product with 10 carloads to October 4, this season compared with 34 cars last year.

Child Is Killed By Taxi-Cab

Anna Lomaynick, 8-year-old daughter of Mr. and Mrs. John Lomaynick of 924 Locust street, Monessen, died during the noon hour today a few minutes after being struck and knocked to the ground by a green taxi cab driven by Peter Lescanac of 568 Chestnut street.

where she had been sent to buy something for the noon luncheon, the child darted out of the store with a package under her arm directly onto the street into the path of the approaching cab. In an effort to avoid striking the girl the driver lurched the car to the side of the street and crashed into a telephone pole, but not before the body of the child, striking her forehead, had been struck. She suffered a fractured skull and broken leg. A few minutes after she was taken to a physician's office, the girl died. The accident happened on Summit street, Monessen.

Rally Day At The Methodist Episcopal Church To Feature Tomorrow

Morrison, Charleroi Methodist Episcopal church, will, tomorrow, hold Rally Day services at the edifice, at which the children, young folk, middle-aged, and old will converge from all quarters of the two boroughs and this community in an attempt to enhance the glory of the Great Jehovah; and, incidentally, to enhance the interests of the society. Republican Enthusiasm In Washington County Will Reach Its Very Highest Pitch of Campaign Next Wednesday, October 22

TO SPEAK FROM A TRAIN

Special Stop to Be Made In Washington—Meeting Informal. With No Preliminary Speeches Beyond a Brief Introduction

Local folk having business at the county seat, particularly local politicians and ladies and gentlemen having the interests of the Republic under at heart, will doubtless avail themselves of the opportunity and some pretext to visit the county seat next week Wednesday, October 22, for on this date General Charles G. Dawes, Republican candidate for vice president, and running mate of President Calvin Coolidge, will pay Washington a brief visit and make a short address from the platform of a Baltimore & Ohio train.

General Dawes will make a speech at a noon rally of Republicans in the city of Pittsburgh that day, and in the evening is scheduled to make an address at Wheeling. He will travel to Wheeling in a private car attached to the train due to Washington at 2:22 o'clock in the afternoon. A special stop will be made at the county seat in order that General Dawes may make one of his characteristic addresses in behalf of the Republican presidential ticket.

Congressman Henry W. Temple yesterday received from James Francis Burke, connected with the speakers bureau of the Republican National committee in the New York headquarters, a telegram confirming General Dawes' assignment to speak at Washington. The telegram read: "Just received final confirmation that you are to have General Dawes for platform speech in Washington, Pa., afternoon October 22. Good wishes."

Philadelphia, Oct. 18.—The fate of Violet Dickerson, 19, "flapper bandit," charged with the murder of Louis Hirsch during an attempted holdup with a male companion, was in the hands of a jury today.

The twelve men trying the girl, who testified that she was forced to participate in the holdup and murder by Charles Oeffinger, received the case last night and after deliberating four hours were locked up for the night. Oeffinger, the other principal in the case, was tried first, convicted and sentenced to death.

MADE SING SING WEEP.

According to an Ossining, N. J., dispatch, Sing Sing convicts went and made him a beautiful offering of flowers when Rev. Father Casari retired from twelve years of service as chaplain at the prison. "Do right for right's sake," he begged them at parting. "You all have good in you. Bring it out, show it, for you are the only ones who can. Try to make your lives conform to the law of Almighty God and no other. It is up to you fellows to realize your good qualities. I have worked here long among you. I know and can see what others can not." With such words, with sympathy and kindness, this devoted laborer within grim grey walls has brought a measure of hope to the hopeless, has stood up with consolation for the divine, and perhaps in some instances has powerfully aided in real reform of character. And after twelve years in that shadowed abode of tragedy is Father Casari to find a brighter field of labor. The account states that he is removed from Sing Sing only to go on with similar work in the gloomy Tombs.

There is much service to humanity, but is there any other form of it that is so little heralded, gives so little return in worldly reward, and asks so much of him who serves? The shepherd who seeks to find his sheep within prison walls, the pastor who strives to save souls among hardened convicts, the ministering friend who struggles to bring light and good will into the dark and embittered minds of moral delinquents is a devoted laborer indeed, whose reward must be great though not of earth and unseen of men.

California Normal Defeats The
Fairmont Normal In A Good Game
Charleroi Boys Are A Big Factor

California Normal, in its game here with Fairmont yesterday afternoon, proved that it is a strong aggregation which must be considered as among the best in its class. One of the features of the contest, which it won over Fairmont, the score being 18-6, was the playing of three Charleroi boys in the California lineup, viz: Weaver, Wagner (acting captain) and

There was no scoring in the 'Channing' second and third periods, but in the fourth California counted again. Normal then put in a second-string group of players, after which Fairmont made their touchdown. The summary: California—18 Fairmont—6

LEADER OF BUCCOS
ONLY MAJOR PILOT
HAILED NATIVE SON

Actual signing of a managerial contract by Bill McKeechie of the Pirates and denial by Pitcher Emil Yde of any knowledge of matters connected with the recent baseball scandal furnished the chief developments yesterday in Pittsburgh sport circles. Neither of these announcements was received by the fans as a surprise, for some time ago Barney Dreyfuss started McKeechie would be continued at the helm of the Buccos if he should desire the job.

Likewise, it was made known through these columns that Yde had been misquoted in an article printed a few days ago in an Illinois paper. He was alleged in the story, to have told an acquaintance that stalling revelations would soon come out in diamond circles but it has been made plain that the young Pirate southpaw did not make any of the remarks attributed to have been uttered by him.

Yde complained with a request sent him by Commissioner Kenesaw M. Landis to visit the latter's offices and furnish any information he might have, to aid in the investigation which has followed the ugly affair that cropped out on the eve of the world series. According to telegraphic news from Chicago, the Pirate star called at the commissioner's headquarters yesterday and answered all questions in a straightforward manner, emphatically denying that he had made any statements involving any other players than Heime Sand of the Phillies, as having been offered bribe money to throw ball games.

Tunney's interests were safeguarded by the commission in a plan by which the winner of the bout will meet Tunney, the American champion designated by the commission as the New York challenger.

Players Made Chance Cub Manager

When Frank Chance, more popularly known as the "Peerless Leader," first was named manager of the Chicago Cubs it was at the request of the players with whom he had become so popular. Not many Chicago fans knew that Johnny Evers, who was one of the players of that time, and now manager of the White Sox, told about it:

"When Frank Selee had to leave the Cubs in 1905 because of ill health, he left it to us to select a captain to lead us," Johnny said. "We voted on one day in the clubhouse at the old West Side park. Frank Chance got eleven votes. Jimmy Casey got four and Jimmy Kling two. So Chance became our boss and then when Selee wasn't able to return as manager the following year Chance was officially named by the club as he had established himself as a natural leader."

DEMARCO AND ZIVIC
MAY HAVE MEETING—
AGREEMENT REACHED

Reports to the contrary notwithstanding James Mason, manager of Harry Greb, stated yesterday that "it's the bunk" when confronted with the story that Greb was to defend his title against Wilson at Madison Square Garden November 7. "There is nothing to it, and even though Greb may box in the Garden soon, you can bet it won't be Wilson."

The prospect of a Cuddy DeMarco-Jack Zivic bout for the opening card were revived again yesterday when Mason almost came to a weight agreement with McGarvey for the match. However, there are other things hampering the closing of the match and it may be that Tommy O'Brien who beat DeMarco once, or "Pep" O'Brien, who got a decision over the Charleroi kid in McKeesport recently, may be given the chance.

YDS CALLED TO
CHICAGO WHERE
HE IS CLEARED

Chicago, Oct. 17—More hot details of statements attributed to him in an article which appeared in a Rockford, Ill., paper last week, and which has caused more or less of a flurry in the baseball scandal market during the past few days, were made before Baseball Commissioner E. M. Landis today by Emil Yde, youthful pitching "find" of the Pittsburgh Pirates.

Yde was called into the commissioner's office in an effort to aid the boss of baseball in running down any clues to scandal in the so-called "national pastime." Yde denied every statement in the article and declared it was all pure fabrication.

Yde was cleared by Commissioner Landis.

at the North Pole!

Out of all the radio sets on the market, Dr. Donald B. MacMillan selected the ZENITH exclusively—because of its flawless construction, its unusual selectivity and its tremendous reach.

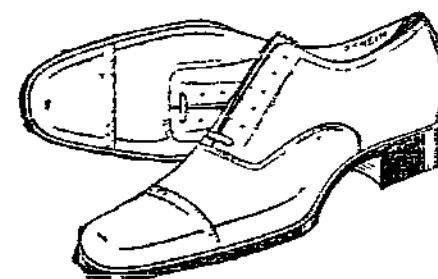

Already his operator, on board the "Bowdoin," eleven and a half degrees from the North Pole, has tuned in several hundred stations. You along the Atlantic who brag a little when you tune in Catalina Island—what would you say if you tuned in Hawaii from the Arctic Circle?

The set that Dr. MacMillan has is a standard ZENITH receiving set. And you can do all that MacMillan does, and more, with any of the new Zenith models. Their moderate price brings them readily within your reach.

Let us prove—by a demonstration—the extraordinary range and selectivity of the Zenith Long-Distance Radio.

Savings Deposits

There are many people who delay the opening of a Savings Account because they feel that a small deposit will not be welcome and that it is better to wait until they have accumulated a considerable sum. Too often they keep on waiting.

The First National Bank wants you to know that we welcome Savings deposits in any amount from \$1.00 upwards and that the size of the account does not matter so much. The REGULARITY with which you save means more to us—and to you—than the amount deposited.

He formerly filled the charge at Belle Vernon.

**DR. QUEST TAKES
VINDICATION STEPS**

Pittsburgh, Pa., Oct. 18—Dr. Alfred Lawrence Hall-Quest has taken steps to obtain "vindication" from the University of Pittsburgh which ousted him from a deanship following the divorce from his wife who deserted him for a "perfect passionate love."

He assumed his counsel, John A. Massen, from Chicago to obtain "justice and fair play." After a conference last night, Massen returned to Chicago where he will attempt to see Dr. John A. Bowman, the Pitt head, who has been lecturing in Chicago.

Hall-Quest will not discuss what legal steps he plans to take, but Massen declared an injustice had been done the professor and that the only fair thing to do was to reinstate him.

"I have talked with hundreds of persons," said Massen "and they have without exception expressed the opinion that an injustice has been done Dr. Hall-Quest. What steps will take depends on the result of my conference with Chancellor Bowman."

Meanwhile, sentiment among Pitt students is strong for Hall-Quest's reinstatement, and it is reported a petition is being gotten up.

**MRS. WILLOW WILL
KNOW VERDICT
BEFORE SUNDOWN**

Middleburg, Pa., Oct. 18—Mrs. Annie Willow, wife of the farmer killed by the hired boy, will know before sundown whether she is guilty or innocent of a part in the crime in the eyes of the law.

The case was in the hands of judge and jury at the opening of court today. Judge Potter was to deliver his charge to the jury at 8 a. m. After that it will be the 12 men selected from the community which has rocked for months with the story of the murder, who will seal her fate.

It was a tolerant jury that found a verdict of second degree murder for the youth who admitted the killing. But the trial took a different turn for Annie Willow. The woman told a dramatic story of the three cornered domestic life led at the Snyder County farm where the act was committed.

Ralph Shadle, who professed to have loved the woman, turned to defend himself in the final hours of the trial, to give the most damaging testimony against the woman by denying authorship of alleged "love messages" which would have repudiated his own story of the crime.

**OVERFAT IS A
MENACE TO HEALTH**

Harrisburg, Oct. 18—"There is no longer doubt that overweight fat is a definite menace to health and to life," declared Dr. F. R. Wheelock, director of health at Scranton, in an article for the weekly health bulletin of the State Department of Health today.

"The forty-inch waist line has gone out of vogue," he said. "It was never considered beautiful. It is now known to be dangerous. Falstaff was an amusing old rogue, but he probably died of diabetes or high blood pressure."

"Ninety-five percent of diabetics are overweight. Overweight and high blood pressure go hand in hand. Fatty heart, which is associated with general obesity, causes short breath and short life. Overweight in youth is not so dangerous as it is later. Even slight overweight after 35 years of age is dangerous."

"Underweight in youth is dangerous, but in mature life it is an asset. The average weight is not the best weight. Mortality statistics prove that those of mature years who are slightly below average weight live longest."

"All this means that you should keep your weight well within the average for your height. Learn what your weight should be, use your scales and head more, your teeth and digestive organs less. Overeating and underexercising alone cause fat. Eat less, exercise more. Fair, fat, and forty is no longer a successful alibi. Do not tickle your palate at the expense of your health. Do not dig your grave with your teeth. Do not be a fat man."

If you have more room in your home than you need, Mail Classified Ad will rent it for you, quickly.

**RAZING OF OLD
BUILDINGS IS
UNDER WAY**

The razing of two of Monongahela's oldest structures is under way. They will be replaced by modern business buildings.

The old Markell building, in Main street, first opened as the home of the Markell cigar factory, has been in the possession of three generations of the Markell family. This building with more than a century of interesting history was last occupied by the Mary Cerutti confectionery and the Frank Spalla shoe repair shop. In its place Joseph Nelson will erect a modern three-story brick structure to be used as a general business block. The old Houston building removed from the lot next to the Methodist church was erected 93 years ago and for many years has been in a dilapidated condition. For most of its life it was occupied as a dwelling, but in recent years had been occupied as a repair shop. A few years ago it came into the possession of Mrs. Buella Wilson. The building has been razed and will be supplanted by a modern brick building to be erected by the publishers of the Daily Republican. Both old buildings were located in Main street.

**EMPLOYEES NEEDED
IN ALLEGHENY
COUNTY JAIL**

Coppersmiths and tinsmiths should be warned to be on good behavior because Warden John McNeill of Allegheny County jail is in need of prisoners with these occupations. For some time there was a coppersmith and a tinsmith, both prisoners in jail and they were employed making cooking utensils from liquor stills seized by county detectives.

A few days ago, the two prisoners who had been of considerable value to the county, having made hundreds of cook pans, were released and they assured Warden McNeill that they would not return "in a hurry."

Hundreds of stills are turned over to Warden McNeill to be made into useful articles. Yesterday morning, there were more than 100 stills in the jail and Warden McNeill said that if the authorities do not arrest coppersmiths or tinsmiths soon they will have to be sold to junk dealers, as they are taking up too much space in the prison.

**SHENANDOAH IS
SPEEDING UP
OREGON COAST**

Warshfield, Oregon, Oct. 18—After battling strong northerly winds most of the night, the U. S. Naval dirigible Shenandoah was today speeding up the Oregon coast on her way to Camp Lewis, Washington.

With the head winds dying down, the dirigible should arrive at Camp Lewis some time this morning.

FRENCHMAN SAYS
WIFE DELIBERATELY
SHOOTS HIM

Le Havre, Oct. 18.—A scandal involving a former New York beauty, thrice married, was precipitated today by Charges of Lucien Deubel, prominent French sportsman, that his wife deliberately shot him with a shotgun following a quarrel.

Mme. Deubel wished to remarry her second husband, he charged.

The shooting took place at a hunt at the Chateau Des Hogues and was at first attributed to an accident.

Mme. Deubel was arrested yesterday, however, the police claiming to have additional evidence that the shooting was deliberate. Deubel then came forward with the accusation that his wife fired upon him at close range as he was stepping from an automobile in front of the Chateau.

Previous dispatches from Le Havre erroneously reported Deubel to have died as a result of his wounds.

STOPPING OF
TRAFFIC IS
NOT ALLOWED

Harrisburg, Oct. 18.—The stopping of motor vehicles in any section of state highway which contains a white traffic dividing line is forbidden in a rule just issued by Paul D. Wright, Secretary of Highways.

Some months ago the Secretary of Highways issued rule No. 2 which forbids the parking of vehicles on state highways so as to interfere with the orderly passage of two-way traffic. Rule No. 3 goes farther than rule No. 2.

CHANCELLOR IN NO
HURRY TO RESIGN

Berlin, Oct. 18.—Refusing to relinquish office while the slightest possibility of an agreement with the Nationalists upon a coalition government remains, Chancellor Marx and his colleagues still withheld their expected resignations today.

Leaders of the Democratic party issued a warning to the Chancellor that inclusion of Nationalists in the cabinet would undoubtedly sooner or later mean sabotage of the experts' plan and the existing reparations agreement.

WORK ON A
ROAD DELAYED

Since the letting of the contract for permanent improvement of the road between Monessen and Belle Vernon with 18 feet of concrete early in June, contractors Frazier and Mansfield of Tuttle Creek have done considerable grading and work preparatory to the heavy grading, but practically for the past month they have been held up or hindered in their activities owing to the fact that later necessary agreements among the companies affected had not been reached.

While the public has not been informed upon or familiar with all of the details, yet it knew there was delay and now it is believed only fair that the people should know that everything has been worked out to the satisfaction of all concerned and the contractor may go ahead and complete all grading yet this fall preparatory to actual construction early next spring. However, a number of interested persons have been very busy on the job in the meantime. For the Pittsburgh Steel company Superintendent C. J. Morgan and Engineer John G. Parke with their directors, President Guy B. Callahan and Kerfoot W. Daly with their directors for the money company and the Roads committee of the Board of Trade have had plenty to do in getting work started again. Engineer J. V. Herber of the Highway department and the Westmoreland county commissioners have lent good assistance.

Work has been started also on the new bridge over the creek. Active operations will be commenced on the bridge Monday. It is not believed any further delay may be occasioned in the orderly passage of two-way traffic getting a lot of the heavy work done yet this fall.

New York, October 18.—Hatchet men from San Francisco have been imported to keep alive the flames of the long war in the East, according to information at police headquarters today.

With seven dead in greater New York, the police planned drastic measures to stamp out the warfare between disputing Chinese clans.

Vietnamese detectives early today threaded the mazes of Chinatown, disarming members of the Hop Sing tong at the doorway of their headquarters.

Eleven Chinese have been killed in the East since the tong war broke out 11 days ago.
